Mr. Jeff Andrews

Dear Mr. Andrews:

The Federal Aviation Administration (FAA) has approved your enclosed antidrug plan as a member of the AMS Consortium. Our previous approval of your plan D-WP-20012-S is rescinded.

This approval is contingent on your continuing association with the AMS Consortium as specified in your plan. You are required by the antidrug regulation to be continuously covered by an FAA-approved program, and therefore, must obtain approval from this office prior to changing programs (e.g., joining another carrier's program, or transferring to another consortium). Even though you have contracted with an FAA-approved consortium to assist you with this program, you are responsible for complying with all aspects of the FAA antidrug regulation.

Your plan has been issued a new identification number shown at the top of this letter.

Sincerely,

William R. McAndrew
Manager, Drug Abatement Division
