The stock split was effected on April 25, 2012 in the form of a 25% stock dividend to shareholders of record as of April 13, 2012. Fractional shares for the stock split were paid in cash based on the last sale price of HEICO Corporation Common Stock on the record date.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **As a result of the 5-for-4 stock split, shareholders of HEICO Corporation Common Stock received one additional share of HEICO Corporation Common Stock for each four shares owned. In accordance with Internal Revenue Code Section 307(a), each HEICO Corporation Common Stock shareholder is required to allocate the aggregate tax basis in their HEICO Corporation Common Stock held immediately prior to the 5-for-4 stock split among the shares of HEICO Corporation Common Stock held immediately after the 5-for-4 stock split (including any fractional shares for which cash was received).
